

Models and Hyperparameters: Practical Tips

Rayid Ghani and Kit Rodolfa

Carnegie Mellon University

Things to remember

Thursday: Reading (Transductive Top-k)

Coming Up Next Week:

- Monday: Modeling Results Update Assignment (we'll post tonight)
- Tuesday: Weekly Feedback Form and Readings
- Midterm:
 - Take Home
 - No class on Thursday
 - Due Friday (Canvas)

This Week's Update Assignment

- **From Monday:** [Features and Pipeline v0 assignment](#)

Finishing up Pipelines Discussion

- Config file
- Results schema

Which models to run and how?

Which hyperparameters to explore?
